¹ Students who participated in the testing were classified in the following categories/levels: Advanced/Proficient,Below Proficient and Insufficient.

to score. Insufficient to score is used when a portfolio lacks enough evidence to score.

² Beginning in 2003 to report a more accurate Participation Rate, an Enrollment Count is taken on the first day of the test window. Participation Rate is calculated by dividing the total count of students (Advanced/Proficient, Below, and Insufficient to Score) tested by the March enrollment count.

³ Participation Rate data was not available in the 2001-2002 year.
